## Sammendrag

Rapporten gir en oversikt over FFI-forskeres publisering i fagtidsskrifter med fagfellevurdering i 2015. Oversikten er hentet ut fra den norske publikasjonsdatabasen CRIStin, som er et felles system for registrering og rapportering av forskningsaktiviteter for institusjoner i helsesektoren, instituttsektoren og universitets- og høgskole (UH)-sektoren.

Oversikten viser en fordeling på nivå 1- og nivå 2 (høyeste faglige nivå)-tidsskrifter og på avdelinger.

FFI har som mål å øke publiseringen i renommerte fagtidsskrifter. Antall publiseringer er steget fra 2014 til 2015. Andel FFI-publiseringer i tidsskrifter på høyeste faglige nivå er sunket, og er noe lavere enn gjennomsnittet, som er 20 prosent.

---

---

## **Summary**

This report gives an overview of publications in peer reviewed scientific journals published by FFI researchers in 2015. The overview is retrieved from the Norwegian publications database Current Research Information System in Norway (CRIStin), which is a common system for the registration and reporting of research activities for institutions in the health sector, the institute sector and the university and college sector.

The overview shows the publications distributed on level 1 and level 2 journals (level 2 being the highest) and on the FFI departments.

FFI aims to increase the number of publications in renowned journals. The number has increased from 2014 to 2015. The percentage of publications on level 2 is a little lower, and is lower than the average, which is 20 percent.

## **1 Innledning**

Rapporten gir en oversikt over FFI-forskernes publisering i fagtidsskrifter med fagfellevurdering i året 2015. Oversikten er hentet fra Current Research Information System in Norway (CRIStin) <http://www.cristin.no>, som er et felles system for registrering og rapportering av forskningsaktiviteter for institusjoner i helsesektoren, instituttsektoren og universitets- og høgskole(UH)-sektoren. CRIStin blir driftet av Universitetet i Oslo.

Oversikten viser fordeling på nivå 1- og nivå 2-tidsskrifter og avdelinger. Nivå 1 er normalt vitenskapelig nivå mens nivå 2 er de 20 prosent av tidsskriftene som har høyest prestisje.

FFI-forskere publiserer også en del konferanseartikler og kapitler i bøker og rapporter som kan være på nivå 1 eller 2. Disse er tatt med i en egen oversikt i denne rapporten.

## **2 Uttak av informasjon**

I forbindelse med FFIs årsrapportering for 2015 ble data hentet ut fra CRIStin 9. januar 2016 og det ble rapportert 78 FFI-publiseringer totalt i fagtidsskrifter med fagfellevurdering. Dataene i denne rapporten er tatt ut 1. april og vil derfor være forskjellige fra de i årsrapporten.

Hvert år sender alle forskningsinstitusjoner i Norge inn publikasjonstall til Norsk vitenskapsindeks (NVI), dvs. den norske publiseringssstatistikken. Disse tallene tas ut og sendes i april i det etterfølgende året og blir brukt av myndigheter og Forskningsrådet som grunnlag for politikk og forvaltning. Listene i denne rapporten er tatt ut 1. april 2016, samme dag som tallene til NVI-statistikken ble sendt inn.

## About FFI

The Norwegian Defence Research Establishment (FFI) was founded 11th of April 1946. It is organised as an administrative agency subordinate to the Ministry of Defence.

### FFI's MISSION

FFI is the prime institution responsible for defence related research in Norway. Its principal mission is to carry out research and development to meet the requirements of the Armed Forces. FFI has the role of chief adviser to the political and military leadership. In particular, the institute shall focus on aspects of the development in science and technology that can influence our security policy or defence planning.

### FFI's VISION

FFI turns knowledge and ideas into an efficient defence.

### FFI's CHARACTERISTICS

Creative, daring, broad-minded and responsible.

## Om FFI

Forsvarets forskningsinstitutt ble etablert 11. april 1946. Instituttet er organisert som et forvaltningsorgan med særskilte fullmakter underlagt Forsvarsdepartementet.

### FFI's FORMÅL

Forsvarets forskningsinstitutt er Forsvarets sentrale forskningsinstitusjon og har som formål å drive forskning og utvikling for Forsvarets behov. Videre er FFI rådgiver overfor Forsvarets strategiske ledelse. Spesielt skal instituttet følge opp trekk ved vitenskapelig og militærteknisk utvikling som kan påvirke forutsetningene for sikkerhetspolitikken eller forsvarsplanleggingen.

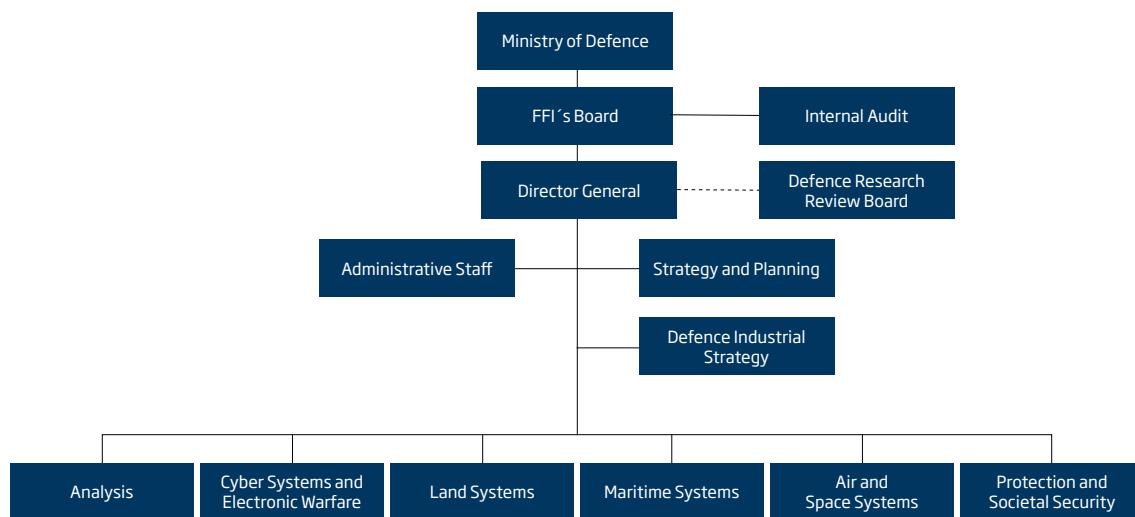

### FFI's VISJON

FFI gjør kunnskap og ideer til et effektivt forsvar.

### FFI's VERDIER

Skapende, drivende, vidsynt og ansvarlig.
